### **DETAILED ACTION**

1. This action is responsive to the amendment filed February 17, 2010. In the instant amendment, claims 1, 20, 31, and 36 have been amended.
2. Claims 1, 3-13, 15, 17-21, 23, 24, 26, 28, 31-34, 36, 38, and 39 have been examined and are allowed (renumbered 1-29).

### **Examiner's Statement of Reasons for Allowance**

3. The following is an examiner's statement of reasons for allowance: as Applicants pointed out in the Remarks, the prior art of record (Gordon, Microsoft-IL, and Syme) do not disclose and/or fairly suggest at least claimed limitations recited in such manners in independent claim 1 "*...wherein one of the sub-classes representing a primitive type represents an unknown type, wherein the unknown type can represent any type, wherein the unknown type represents a lack of all type information, wherein a compiler drops type information by changing a known type to the unknown type during a stage of lowering, wherein the unknown type is set independently of the primitive type size, and wherein the classifications of types support an unknown type with an unknown primitive type size.*" and similarly recited in such manners in other independent claims 20, 31, and 36 (Remarks, pp. 9-14).

These claimed limitations are not present in the prior art of record and would not have been obvious, thus all pending claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
